Green Tips of the Month

September 2008

Take the One Less Car Challenge!

Pledge to commute by an alternative to single-occupancy vehicle travel on One Less Car Day, October 17, and as often as possible throughout the fall semester. You won't just be helping the environment; you'll be saving money on gas and parking (and if you bike, getting exercise). You'll also receive a One Less Car T-shirt and button, and be eligible for prizes. Visit <http://sustainable.ufl.edu/onelesscar/> for details and to take the challenge!

Some transportation alternatives:

- Carpooling - UF Greenride (<http://portal.greenride.com/UFL/home.aspx>) can help you find partners with similar schedules who live in your area
- Bicycling
- RTS (<http://www.go-rts.com/>)
